Make room for the work

A print-size reference and a place to note your wall measurements. The listed sizes describe the complete paper sheet; the separate mat and oak frame extend beyond it.

THE TWO PAPER SIZES

18 × 23 1/3 in

24 × 31.2 in

Complete sheets, shown at one scale.

SIZE REFERENCE / INCHES

	Smaller	Larger
Paper sheet	18 × 23 1/3	24 × 31.2
Border on each side	1	1.2
Artwork rectangle	16 × 21 1/3	21.6 × 28.8
Separate mat	2	2

The artwork rectangle includes intentional pale space. It is calculated by subtracting the paper border twice from each sheet dimension. Finished outside frame dimensions are not listed here.

Your wall, in a few measurements

Usable wall width _____ Height _____

Print size you're considering _____

Confirmed outside frame: width _____ height _____

Room light / reflections _____

Use paper templates to compare the sheet sizes. Before making a full-frame template or marking a tight space, ask us for the current finished outside measurement. Check the wall from your usual viewing position.

Care: hang away from direct sunlight and damp rooms. Dust the oak with a soft dry cloth; use a clean microfiber cloth on the acrylic. Keep sprays and abrasive cleaners away.
